Qualifying 3 Parc Fermé

Due to the location of the Scrutineering garage at pit exit, the following paragraphs from article 159 are amended as follows for this event only [new text underlined] :

During Q3, any driver coming into the pit lane and stopping in front of his garage will be under parc fermé conditions unless rejoining the track, in which case the driver will have all the times that he has set up to that moment cancelled by the Stewards of the Meeting.

As soon as the driver has set his qualifying time, he must proceed to the pit lane and stop in front of his garage and the car is under parc fermé conditions. After the chequered flag, those cars chosen by the Technical Delegate must be pushed to the Scrutineering Garage in box 41. All other cars will be pushed into their garages and will remain under parc fermé conditions.
