REQUEST INSTALLATION LAP

Dear Ladies and Gentlemen,

Due to unforeseen circumstances the engine delivery of our car was delayed that the car was rebuild on Sunday 23rd of July. Therefore, we were not able to complete a roll out. We would like to request an installation lap at the end of the bronze test on July 25th to do a quick system check.

With this check we can rule out any possible issues that might come up during free practice and in the worst case cut the time for other participants.

Thank you very much for your consideration of this request.

Sincerely yours,

Maximilian Behn

Team Manager – Bentley Team ABT
