

**BULLETIN No. 02**

---

<b>From:</b> The Stewards	<b>Date:</b> 03 May 2024
<b>To:</b> All Competitors All Officials	<b>Time:</b> 17:20 hrs
	<b>Number of Pages:</b> 1

---

The Stewards notify those concerned of the following:

**Noise Testing**

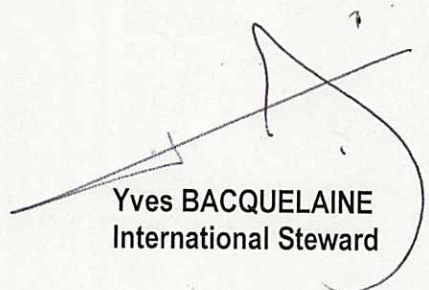

The noise testing of cars at this competition will be undertaken during the Free Practice session.

The first time each car enters the pit lane during the Free Practice session, the Technical Scrutineers will indicate that the driver should stop by the Scrutineering Box for the test to be undertaken. If multiple cars enter the pit lane at the same time, some will be waved past on that occasion and will be stopped on their next pit lane entry.

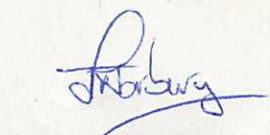

Drivers should be made aware of this procedure and should be alert to the Technical Scrutineers and follow their instructions.
