

From	The Stewards of the Meeting	Bulletin N° 10
To	The Competitor's Representative All Competitors	
	All concerned	

The Stewards give notification that, in accordance with Article 61 of the Blancpain GT Sporting Regulations 2017, the prohibited time range for a pit stop from pit in to pit out for this Event is:

95.00 seconds to 133.00 seconds

Competitors are reminded that there is a non-cumulative one second tolerance which may be used only four times during this Event.

For safety reasons, in case of a change of weather conditions and after notification of Weather Change Pit Stop Authorisation from the Race Director on the timing monitors and team radio, teams will be allowed to make a pit stop to change all four tyres from slick to rain tyres only. These pit stops will be FREE in terms of length from pit in to pit out but teams may only change the four tyres with no other operations authorised. Random checks will be made on compliance via the pit marshals and pit gantry cameras and any infractions will be notified to the Stewards of the Meeting. For the avoidance of doubt, this provision applies to this Event only.

Yves BACQUELAINE
Chairman of the Stewards
